

1 iii)] user interface [configured for conveying the information to be  
2 communicated to the individual, and for receiving input from the  
3 individual]; and

4 [iv)] iii) processor device for executing said script program, wherein said  
5 executing script program conveys the information to the individual using  
6 the user interface and receives input from the individual in response to  
7 the conveyed information through the user interface, said processor  
8 device being connected to said communication device[, and to said user  
9 interface[, and to said memory device]; and

10 d) at least one monitoring device in communication with said remotely  
11 programmable apparatus, said at least one monitoring device for providing at  
least one measurement of a physiological parameter of the individual.

12 ☐ Please add the following new claim:

13 10 ~~42.~~ The system of Claim 1, where the first and second communication networks are  
14 the same network.

15 REMARKS

16 Claims 1, 2 and 4-11 are pending. The Office Action mailed February 4, 2000 rejected  
17 Claims 1, 2 and 4-11 under 35 U.S.C. § 103. By way of this amendment, applicant has  
18 amended Claim 1 and added Claim 12. No new matter has been added. Pursuant to  
19 37 C.F.R. 1.111, applicant hereby respectfully requests reconsideration of the application.

20 Rejection of Claims 1, 2 and 4-11 under 35 U.S.C. § 103

21 The Office Action rejected Claims 1, 2 and 4-11 as being unpatentable over DeVito.  
22 The Office Action states that DeVito discloses a system for communicating custom information  
23 to an individual. In accordance with amended Claim 1, applicant respectfully traverses this  
24 rejection.
